December 17, 2020

Dear South Brown County USD 430 School Community,

I wanted to take a moment to say “Thank You!” for everything you have done, are doing, and will continue to do to help our students and our school. We have been very fortunate to be able to stay in a traditional type of learning environment throughout the entire first semester. This would not have been possible without the support of our community, families, parents, staff, and board of education. As we take a much needed pause, I wanted to take a moment and share the following reminders with everyone.

- Colder weather, more time inside, and the onset of cold and flu season are upon us. The CDC has provided guidance for winter holidays, which include continuing to practice social distancing (at least 6 feet), frequent handwashing, avoiding large gatherings, and wearing a mask.
- Know the symptoms between a Cold, the Flu, and Covid. Attached is a quick reference for you to refer to if you or your family members do not feel well at any time over the break.
- If anyone you know is interested in serving as a substitute teacher in our school during the spring semester, please visit the KSDE website for more information. In order to obtain an emergency sub license an individual must have completed 60 semester credit hours from a regionally accredited college or university.

We will miss seeing and working with our students during this upcoming break. Stay warm, stay safe, and please know how much we appreciate everything that you are doing to focus on the health and success of our students, staff, and community!

Proud of our Charger Family!

Sincerely,

Jason Cline
Superintendent
USD 430 South Brown County

COVID-19 vs. FLU vs. COLD

SYMPTOMS	COVID-19*	FLU	COLD
